Cattle Recelpts Light-Market Weak to Lower.

The hor market scored another adprices but the fresh receipts ported to arrive later and the buyers ofthem weighed up and they would take them this morning at yesterday's prices fair to good mixed car loads sold in the afternoon for \$6.25 and \$6.40, but when ran down to very light or large rough hogs they sold for less money Cudahy's capacity for hogs seems unlim ited and his boyer took fully two-thinds of the hogs offered. The indications are for pretty fiberal receipts this week, but there is hardly a possibility that the supply will exceed the demand,
